

AFRICA

CRADLE OF THE HUMAN RACE

HUMAN LIFE BEGAN IN AFRICA with apelike creatures who started to become recognizably human about 200,000 years ago. Africa is home to the world's longest river, the Nile, and its biggest desert, the Sahara, which

Ceuta

This Spanish enclave in Morocco is significant because it connects Europe and Africa.

0 km 400 800
0 miles 400 800

The Red Sea

The Middle East and northeast Africa are separated by the Red Sea.

The Sahara

The world's largest desert covers a great deal of northern Africa. At 3.5 million sq miles (9 million sq km), the Sahara's area is close to that of the United States, and it is growing every year.

Namibia

This was the first country in the world to include the protection of the environment in its constitution.

Cape Agulhas

This is Africa's most southerly point.

Madagascar

A glance at its shape reveals that Madagascar was once attached to the African mainland.
