

On October 12, 1999, the six billionth

THE GLOBAL VILLAGE

If the world was a village of 100 people

person was born on Earth, and by 2002 there were 6,200,000,000 people in the world. Numbers this huge

FOOD

The global village of 100 people has many animals that are a source of food. There are:

31 sheep
23 cows, bulls, oxen
15 pigs
3 camels
2 horses
189 chickens

There is no shortage of food in the global village. If it were divided equally everyone would have enough to eat. But the food isn't divided equally:

60 people always go hungry and, of these, 26 are severely undernourished.

16 people go to bed hungry some of the time. Only 24 people have enough to eat.

EDUCATION

There are 38 people in the global village who are of school age, but only 31 go to school.

88 people are old enough to read:
71 can read at least a little.
17 cannot read at all.
In the global village of a 100 people there are:

5 soldiers
7 teachers
1 doctor

NATIONALITY

The village people come from all over the world. There are:

61 from Asia
13 from Africa
12 from Europe
8 from South and Central America
5 from North America
1 from Oceania
