

The name Tyrannosaurus means "tyrant lizard".

I'm the dinosaur
king!

Tyrannosaurus had the most powerful bite of all time. Its teeth could easily crunch through bones.

Massive footprint fossil

Claim to fame

It's no wonder Tyrannosaurus is one of the most famous dinosaurs. It was a mega monster that didn't have to be **afraid of anything** except for another, bigger Tyrannosaurus!

Size: 12m (39ft)

Habitat: Forests and swamps

Diet: Meat
