

7 Push the lining fabric through the hole to the wrong side of the main fabric and out the other side.

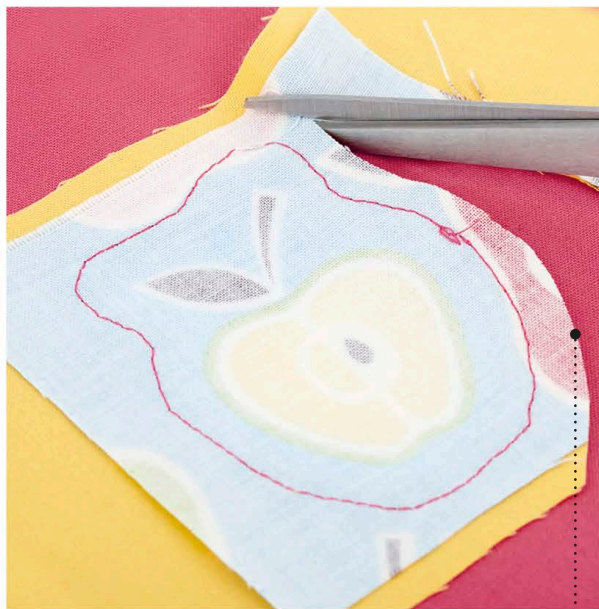

8 Press the edges flat on the lining side to get a neat finished look.

9 With the main fabric facing up, position the fabric with the motif underneath, making sure that the motif is centred inside the cut-out shape. Pin in place.

10 Using a matching or complementary thread, topstitch about 3mm (1/8in) from the edge to secure all the layers together.

11 Trim off the excess fabric from around the stitched shape on the back side of the piece. Be careful not to cut the main fabric or the stitches.
