

3 Lay the strip face down and press the seams flat to one side.

4 Cut the two panels for the cushion front from the main fabric, one 24 x 42cm (9½ x 16½in) and another 14 x 42cm (5½ x 16½in). With right sides together, pin the long edge of the patchwork strip to one of the long edges of a front panel. Sew along the edge.

5 Open up the two pieces and on the wrong side of the fabric, press the seam towards the main fabric. With right sides together, pin the other long edge of the patchwork strip to one of the long edges of the other front panel. Sew along the edge.

6 Open up the two pieces and on the wrong side press the seam towards the main fabric. You have now completed the cushion front.
