

TRIANGLE FLOOR CUSHION

This floor cushion will show off your patchworking skills. It is easier to make than you may think, since it involves repeating the same techniques

and building up the pattern a little at a time. It's simple to substitute colours and fabrics of your choice.

PATTERN

CUSHION LAYOUT

1 Trace the templates (see p.214) onto the tracing paper and cut them out. From each of the blue and aqua fabrics, cut 36 medium triangles, two 17cm (6¾in) squares, and two 47 x 12cm (18¾ x 4¾in) rectangles for the borders. From each of the pale green and jade green fabrics, cut 18 small triangles and eight large triangles. Cut two 67 x 35cm (26¾ x 14in) rectangles from the blue fabric; these are the two back pieces of the cushion cover.

Pair the blue and aqua triangles and chain piece along the diagonal edge

2 With right sides together, pair up a medium blue triangle with a medium aqua triangle. Chain piece them together (see p.61) along the long, diagonal edges, leaving a 1cm (¾in) seam allowance.
