

CHEVRON QUILT

Create a visually appealing chevron pattern by using bold, contrasting fabrics for the stripes, or choose similar colours for a more subtle quilt.

You can try adding more rows, for more chevrons, or even fill the entire quilt top with chevrons.

PATTERN

1 Cut 10 strips of fabric each 6.5 x 112cm (2½ x 44in); six from fabric A and four from fabric B.

2 Pin, then sew, the first two strips – one of fabric A and one of fabric B – together along the long edges. Repeat to attach five strips together, alternating so you have A, B, A, B, and A. Sew in opposite directions when attaching each strip, to help prevent distortion (see p.60).

3 Repeat, sewing the remaining five strips together to create a second pieced strip.

4 Iron the finished pieced strips pressing the seam allowances towards the darker fabric.
