

11 Cut the two pieces of front fabric from the main fabric – one 100 x 74cm (39 x 29in) piece for the top and one 100 x 35.5cm (39 x 14in) piece for the bottom.

12 Pin and sew one long edge of the chevron strip right sides together with the bottom edge of the top main fabric piece. Then, pin and sew the other long edge of the chevron strip to the top edge of the bottom main fabric piece to create the quilt top. Press the seams towards the main fabric.

13 Lay out the backing fabric right side down, then the wadding, and then the quilt top right side up. Smooth all of the layers, then pin or tack them together to create the quilt sandwich (see p.44).

14 Quilt the quilt sandwich using the quilting method and pattern of your choice (see pp.132–133, 134–137).

15 Trim the wadding and backing fabric even with the quilt top, squaring up all of the edges.

16 Create a 6cm (2½in) wide binding strip from the binding fabric (see pp.46–47) and attach the binding using the double-fold binding method (see p.51), or the method of your choice (see pp.48–51).

17 Finish the binding at the back by hand, slip stitching it in place with a needle and thread.
