

FLYING GEESSE QUILT

The instructions for piecing this quilt are fast and simple, leaving no waste. The flying geese blocks are created in pairs. Here, we've

kept the pairs together in our final layout, but you may wish to separate the pairs throughout the quilt top.

PATTERN

CUT THE FABRICS

Cut 21 square pieces from fabric A, each measuring 16cm (6¼in). Cut 84 square pieces from fabric B, each measuring 9.5cm (3¾in). Cut four strips from fabric C, selvedge to selvedge, each measuring 4cm (1½in). Cut four strips from fabric D, selvedge to selvedge, each measuring 12cm (5in).

MAKE THE BLOCKS

Lightly draw a diagonal line across the squares from fabric B (see Chart 1, overleaf). Place two of these squares on a square from fabric A, right sides together and on diagonally opposite corners. The fabric B squares will

overlap slightly in the middle (see Chart 2, overleaf). Stitch a 6mm (¼in) seam on either side of the drawn lines (see Chart 3, overleaf). Cut along the drawn line and press the pieces open (see Charts 4 and 5, overleaf). Place another square from fabric B on the corner of the stitched piece (see Chart 6, overleaf). Stitch a 6mm (¼in) seam on either side of the drawn line (see Chart 7, overleaf). Cut along the drawn line and press open the pieces (see Chart 8, overleaf). This completes the block (see Chart 9, overleaf). Repeat with the remaining squares from fabric A and B until you have 84 blocks, each measuring 14.6 x 7.5cm (5¾ x 3in).
