Fixed Assets

And now, we move on to fixed assets. We need to fill in the numbers for both productive and unproductive fixed assets. We will use the value of net block when entering data into productive and unproductive assets cell. These will automatically be reflected in the Fixed Asset cell in Balance Sheet. We will learn more about this going forward. We will also manually add Gross Block in the Annual Inputs.

We take Leasehold Land, Buildings and Plant & Machinery as productive assets. The remaining assets do not contribute directly to production and as a result are counted as Unproductive assets.
