

This way you can distinguish reserves and surplus based on its flexibility of use. With this, you get an idea of how Reserves and Surplus works. Similarly, we can calculate the reserves and surplus for the previous year i.e., 2020 as well.

As seen, reserves without purpose in 2020 =
Rs. 1335 Cr + Rs. 3004 Cr + Rs. 23 Cr + Rs. 0 Cr
= Rs. 4362 Cr

Reserves on purpose =
Rs.0.50 Cr + Rs.0.95 Cr + Rs.0.25 Cr + Rs.0.15 Cr + Rs.10.89 Cr
+ Rs.28.83 Cr
= Rs. 43 Cr
(reserves without purpose deducted from the total reserves)

Pidilite Industries Limited						
ANNUAL INPUT						
(In INR Crores, unless otherwise stated)						
PARTICULARS	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	FY 2021
Intangible Assets - Capitalised Expenditure					184	1284
