

Cash, Cash Equivalents and Other Current Assets

In this section, we will discuss the remaining items of financing working capital. These include Other Current Assets and Cash and Cash Equivalents.

Other Current Assets						
Other current assets/ Total assets	0.00%	0.00%	0.12%	0.00%	0.00%	0.00%
Recoverability form/time and quality. Look for any past write-offs and provisioning						
Treat unamortized expense in intangible assets(if any found here)						
Uncategorised Assets/ Total Assets						

We will look into what percentage of Total Assets are tied up as Other Current Assets. This is a relatively small number, which has increased slowly over the years.

What is important is to know.

The size of the Other Current Assets.

Time and form of recoverability of the current assets along with their quality.

We must know the utilization of such assets and whether there were any write-offs in the past. We are also concerned with the quality of these assets and the manner and time of their recovery.
