

LEASES						
Lease payment	39.36	10.77	43.55	48.95	109.73	109.73
Lease to Revenue	0.69%	0.18%	0.70%	0.69%	1.50%	1.50%
Study lease structure for each individual lease						
Understand the cancellation and renewal						
lease liabilities/ total assets						

Once we understand the size of lease payments, next is to understand the structure of lease payments. However, we might not be able to find data here easily. We will have to understand this with whatever limited data is available with us.

In notes to accounts, we will find policies that the company follows for accounting for learning. Reading these notes will give us an idea of how the accounting policies of the company work concerning leasing, including how the leasing works and how the company treats its lease liabilities. Moreover, it is recommended that we go through the entire section to get a better understanding of how the company's leasing policy works.

For this company, we can find a complete breakup of operating lease commitments, lease commitments in the next year, additions, deletions, and more. Going through this will also explain the company's leasing, its policies, and all other details. We need to understand the following:

- ◇ **How large are lease payments compared to revenue?**
- ◇ **What is the lease structure for each lease?**
