

02 BUSINESS

If you cannot really prove that there is a gap in the market that you have identified and you can scale it up, it will not excite the investors. Even though an idea has some initial traction, it won't excite the investors if there is no opportunity to scale up.

1. YOU DO NOT HAVE A CLEAR BUSINESS OPPORTUNITY

2. YOU DO NOT HAVE A CLEAR DIFFERENTIATION

Products in the market

VS

If ten people are offering a certain thing and you are offering a similar product, you will face difficulty raising capital. The idea has to be unique and different from the other products in the market. It is difficult to get an investor to fund your business without differentiation.
