

2. CONNECT WITH ENTREPRENEURS AND ASK FOR INTRODUCTIONS

If you know someone who has already raised capital in the past and is a portfolio company for another investor, you can get in touch with them. However, you have to win that founder's trust first that they should be comfortable recommending you to investors. Not everyone will be comfortable giving introductions, but some will.

This leads to warm introductions. This is because you are introduced by the entrepreneurs that the investors trust and have investors already. This process takes a lot of time, and cannot be easily done. However, this process is one of the most effective ways to reach potential investors.

3. HOW DO YOU FIND THESE ENTREPRENEURS?

LinkedIn is one of the sources. You can also use numerous networking platforms, talk to entrepreneurs get in touch with investors.

LinkedIn is the best way to reach these people. Obviously, not everyone will give you that attention, so it requires a lot of time and effort on your end. Entrepreneurs might not give you time, or they might not be comfortable introducing your venture to the investors. Even though it is time-consuming, it is still one of the most rewarding ways to reach an investor. It leads to warm introductions.
