

## 4.4 RECOMMENDATIONS AND CONNECTIONS

Now that we have discussed who the different investors are, how to find them, where to connect with them; let us move forward. In this section, we will discuss the secret sauce to raising capital.

# THE SECRET SAUCE TO SUCCESS:

We have already learned that investors mainly focus on the market, the business propositions, and the founder. When you visit them with a recommendation or connect, like when someone else has recommended you, it is no longer a cold introduction. Therefore the investor can borrow some trust. The hardest thing to evaluate is anyways the founder. A recommendation gives confidence to investors.
