

LaunchRock

Go through the LaunchRock presentation, where you'll find that they have used only one line for each slide.

1,000,000+ signups

50,000+ in line

This is the perfect case study for ensuring that even if the investors scroll through everything quickly, they won't miss out on anything important. This is because they have said very few things, enough to excite the investors. Thus, do stories in the pitch
