

Spotify is Netflix of Music

Depending on what you are offering, you can use such references to explain your business. For example, Spotify can be explained as the Netflix of music. Using references like this, anyone can quickly understand what the company actually does.

Otherwise, you have to explain that, Spotify is a subscription-based business that provides music to users in exchange for a monthly charge.

However, when you say “Netflix for music”, it becomes simple to understand.

These are a few things you must keep in mind while creating the pitch deck that can help you avoid a lot of mistakes. In the next section, we will discuss a few things you must not do or common mistakes you must avoid.

Remember, it is important to go through the pitch deck of other companies to draw inspiration. The most efficient way of creating performing pitch decks is to borrow ideas from pitch decks of various companies. Also, you must keep in mind that pitch decks and everything else increases your chances to get the potential investors interested. However, actual deal will be closed based on your business and traction. A strong business with average pitch deck will do better than an average business with strong pitch deck. So, quality of business is utmost number one focus.
