

SUMMING UP...

These are a few things you must keep in mind when pitching to investors. Again, there is so much more to be learned and you will figure it out after a few pitches. Expect your first few pitches to go poorly.

Let's sum up what we have discussed so far before going ahead:

- Confidence is crucial
- Knowledge of numbers and the market is important
- Be enthusiastic during the pitch
- Keep it simple, don't overwhelm them with jargon.
- Tell stories about your business and back them with numbers

In the next section, we shall discuss a few more important things about pitching to investors.
