

3. HOW WILL YOU FUND THE ASSETS AND WHAT IS THE COST OF CAPITAL?

If you are planning to take debt, investors will ask the lender, the cost of the borrowings, how much will be required borrowings to buy the assets.

You also have to answer questions like:

- What type of assets will you be buying?
- What is the resale value of these assets?

- Is the cost of capital too high?
- Will your business survive the initial years?

F

stand how you are thinking
about the capital structure going ahead.
