

2. Rural customers – customer profile

Gains

- **Required Gains**
 - Cleanliness and freshness
 - Nutrition
- **Desired Gains**
 - Fresh products
 - Home processed milk products (not factory-processed)
 - High fat content
- **Unexpected Gains**
 - Door Delivery

Pains

- Adulterated milk
- Lack of regular supply
- Low shelf life

Pain Relievers

- Higher shelf life of products

Gain Creators

- Availability in mom and pop stores

(As a result, private companies mainly focus on more-demanding urban consumers who are willing to pay a premium.)
