

16. Major practices in Indian Express Logistics Industry

- Renting the warehouses instead of ownership
- Owning the warehouse equipment, designed in-house
- Owning small part of the fleet, outsourcing the rest
- Asset-light model to scale
- Asset-heavy model to consolidate
- Focus on multi-modal network creation
- Collaborations with small players

We wish you best of luck. Quality of your decisions will determine the path ahead. Go on and create similar Industry Sheets for the next business you are looking to start or next business you are looking to invest in.
