

Gaming Laptop (price no bar 250K+)

Unleashed Power,
Uncompromised Performance

Some people want the best machine possible for themselves, bar none. Specifically for those, the gaming laptops price no bar category exists in India. Driven by a growing gaming culture, and demand for excellence in tech, major players like ASUS, Dell, HP, and MSI are pushing boundaries with advanced graphics, processing power, and cooling, all in sleeker, more portable designs. eSports and a global gaming community have further fueled this trend. Manufacturers continue to innovate with high-refresh-rate displays and advanced cooling to satisfy the most demanding users. Local production is ramping up, potentially making these powerhouse machines more accessible.

Winner: MSI Raider 18 HX A14V

The MSI Raider 18 HX A14V (especially its top-spec variant) snags the Digit Zero 1 Award for a good reason. Between its impressive hardware and top-notch design, it's engineered to exceed the expectations of hardcore gamers and power users alike. Whether you're gaming on ultra settings, cranking up real-time ray tracing, or tackling 3D rendering and heavy video edits, the Raider 18 HX A14V keeps it smooth and steady. Credit goes to MSI's advanced cooling system for keeping thermal throttling at bay, proving just how far they'll push the envelope. On the visuals front, its 18-inch UHD+ MiniLED display is a feast for the eyes. Factor in Thunderbolt 4, HDMI 2.1, and other handy ports, and you've got a laptop

Price: ₹3,47,290

that can easily stand in for a full-blown desktop setup. The solid build quality and premium design elements, along with Mystic Light RGB, seal the deal. In short, the MSI Raider 18 HX A14V isn't just a powerhouse, it's a statement piece in gaming tech, more than deserving of its win in the Digit Zero 1 Awards 2024.

Runner-up: Alienware m18 R2

The Alienware m18 R2 (2024 Edition) just missed out on the top spot in the Digit Zero 1 Awards, but it still proves it's a force to be reckoned with. Powered by Intel's 14th Gen Core i9 processor and an NVIDIA RTX 4090 GPU, this machine crushes demanding gaming and professional workloads. Its 18-inch display, complete with full DCI-P3 coverage, offers immersive visuals, while an advanced cooling system keeps thermal throttling to a minimum. es, it got beat by the MSI Titan, but the overall performance and construction make it one of the best high-end gaming laptops—securing a well-deserved runner-up finish.

Acer Predator Helios 16
Price: ₹2,44,990

Best Buy: Acer Predator Helios 16

The Acer Predator Helios 16 (RTX 4080 edition) takes home the Digit Best Buy Award 2024 for delivering top-tier gaming power without the astronomical price tag. Thanks to its Intel Core i9-14900HX processor and NVIDIA GeForce RTX 4080 GPU, it can blast through demanding titles at its native 2560 x 1600 resolution - while also serving up serious muscle for professional tasks. With 32GB of DDR5 RAM and up to 8TB of SSD storage, the Helios 16 has both speed and capacity covered. Overall, this rig hits the sweet spot of high-end performance and competitive pricing, solidifying its place as a top pick for the Digit Best Buy award in the Gaming laptop (price no bar) category.
