

AFTER

Many American Indian tribes took advantage of the war to try to reassert their freedom. In the southwest, the Apache Wars flared up once again.

RESILIENT WARRIORS

In New Mexico Union general James H. Carleton found American Indians tougher opponents than the Confederates. At the **Battle of Adobe Wells** in 1864, a Union force led by Colonel Kit Carson **narrowly avoided defeat** at the hands of the Plains Apache, Kiowa, and Comanche tribes. The legendary **Apache leader Geronimo** managed to maintain resistance until 1886, when he and a small group of followers finally surrendered.

INCORPORATING THE WEST

Much of the **West came under firm Union control** in the latter half of the war. Nevada **became a state** in October 1864. Later arrivals were Colorado in 1876, Utah in 1896, and Arizona and New Mexico in 1912.
