

13 .36 Colt Model 1861 Navy Revolver (Union) Manufactured from 1861 to 1873, this pistol was designed much like the Colt Army Model 1860 but had a barrel one half-inch (12.7mm) shorter.

14 .36 Caliber Ball Mold This brass mold was used to produce lead slugs (projectiles) for pistols and could make nine at a time.
