

RANZAR MALK

Former colleague

Ranzar Malk and Mando used to work together as mercenaries. Nowadays, Malk does not go on missions and runs an illegal starship repair business out of a space station named the Roost.

Things you need to know about Ranzar Malk

- 1** The Roost space station does have some shielding, but it lacks weaponry so is vulnerable to attack.
- 2** Malk owns a *Rogue*-class starfighter that has been upgraded to modern starfighter standards.
- 3** His team has worked on many ships over the years, including the *Razor Crest*.
- 4** Ran Malk also oversees a group of mercenaries.
