

Did you know?

The officer has a tracking beacon. He can activate it to call for help from the New Republic.

Double laser cannon

Prison block

BOTHAN-5

The *Bothan-5* is a New Republic prison ship, responsible for transporting and holding prisoners. The ship is crewed by New Republic Correctional Corps officer Lant Davan and a number of security droids. Malk's crew wants to liberate prisoner X-6-9-11, who turns out to be another old colleague of Mando's.
