Eternity can take on humanoid form when it deigns to communicate with sorcerers and the like. Eternity once aided DOCTOR STRANGE against DORMAMMU, and Strange then helped Eternity escape NIGHTMARE's clutches. To have a greater understanding of humanity, Eternity has occasionally walked the Earth, using the name Adam Quadmon. **TD**

Battling the Hulk, the Executioner finally met his match.

EXECUTIONER

Born in the Asgardian province of Skornheim, Skurge was the child of a goddess and a Storm Giant. Although ostracized by the Storm Giants for his small height (he was only 7 ft tall), the Skurge became a great warrior. Turning against his father's people, Skurge

killed many of them during a bloody war, earning himself the sobriquet "The Executioner." He fell under the ENCHANTRESS' spell, serving her in various bids to dominate Earth and Asgard. In time, Skurge realized she was just toying with him and rejected her. On a mission to the realm of Hela with THOR, Skurge restored his reputation by fighting to free mortal souls from this land of the dead. Skurge died a hero's death, guarding the escape of Thor's forces. **AD**

EXCALIBUR

Based at Captain Britain's lighthouse, the Excalibur team of heroes was formed following the X-Men's apparent demise at the hands of the Adversary. With a base located not just on the shores of the UK but also at the nexus of several realities, many of their battles have been fought across multiple alternate worlds. For instance, Excalibur confronted its Nazi counterparts the Lightning Force on Earth-597. Excalibur's unity has been undermined by romantic tensions. When NIGHTCRAWLER developed feelings for Captain Britain's lover, MEGGAN, friction grew within the team, culminating in a brawl between the two men. When Captain Britain and Meggan finally married, the original team disbanded. Captain Britain has since reformed the team twice, each time with a new lineup. The latest version disbanded after a climactic battle with MERLYN, but a number of the members recently banded together again under the auspices of MI-13. **AD, MF**
