

HEADMEN, THE

The Headmen comprised four brilliant individuals, each so confident of their abilities they were convinced that they should rule the Earth. United by Dr Arthur Nagan they agreed to combine their talents to gain control of the planet. Despite obvious ability, their tactics were at best questionable.

Looking to obtain superhuman powers for themselves, the Headmen targeted the DEFENDERS and succeeded in implanting Chondu's brain into the head of Kyle Richard, alias NIGHTHAWK. When his consciousness was subsequently transferred into the body of a vile monster, Chondu went mad. Although his sanity had returned by the time his brain was transferred into a SHE-HULK clone, this proved to be one step too far. Furious at having been given a woman's body, Chondu attacked the Headmen with the help of SPIDER-MAN. The group reunited and attempted to take over the world, starting with Manhattan, by manipulating a hugely powerful, extra-dimensional entity named Orago the Unconquerable. **AD**
