SPECIAL POWERS/ABILITIES Possesses superhuman strength, agility, and resistance to injury. He is a powerful fighter whose combat ability is based on that of gorillas.

Clad in the pelt of the rare Wakandan white gorilla, M'Baku the Man-Ape takes up a battle position at the head of a band of his followers in the White Gorilla cult.

While T'Challa—the BLACK PANTHER and king of the African nation of Wakanda—was away helping the AVENGERS in the US, M'Baku schemed to seize his throne. Reviving the outlawed White Gorilla cult, M'Baku killed a rare white gorilla, then bathed in its blood and ate its flesh, which gave him the power of the ape. Calling himself Man-Ape, he battled Black Panther and the Avengers' teammates, both in Wakanda and in the US. Defeated, he teamed with the GRIM REAPER—despite the Reaper's racism—to form a new Lethal Legion. They recently plotted to blow up the Statue of Liberty. **MT, MF**

MAN-BEAST

Created by scientific accident, the Man-Beast was born when a wolf was placed inside the HIGH EVOLUTIONARY's genetic accelerator. Despite creating an entire evil army using the same device, the Man-Beast was eventually defeated by Thor, placed in a shuttle, and exiled into space.

The Man-Beast sought revenge on the High Evolutionary when he landed on Counter-Earth—a world created by that being. There, he introduced the people of Counter-Earth to the concept of evil and even attempted to destroy the planet altogether. In the years since, the Man-Beast has gone into battle several more times, fighting both Adam WARLOCK and the HULK. When he attempted to raise a second army, using the Legion of Light religious cult as a front, the Man-Beast went head-to-head with SPIDER-MAN.

Later, with help from QUICKSILVER, the High Evolutionary captured the Man-Beast and devolved him back into a wolf. **AD, MF**

During confrontations, the Man-Beast could employ his mental powers as a weapon.

Despite his great strength and mental agility, the Man-Beast was no match for the mighty Thor.
