

STACY, GWEN

The daughter of NYPD Captain George Stacy, Gwen first met Peter Parker (SPIDER-MAN) at Empire State University. Although attracted to him, his frequent moodiness and his apparent cowardliness put her off. Eventually, she and Peter became a couple, despite competition from Mary Jane WATSON, but the Parker-Stacy relationship was an uneasy one. After her father was slain during a battle between Spider-Man and Doctor Octopus, Gwen came to hate Spider-Man, a fact that weighed heavily on Peter's mind. Not long after, Gwen was captured by the GREEN GOBLIN and hurled from the top of a bridge. When Spider-Man attempted to save her with his webbing, the sudden shock of deceleration snapped Gwen's neck, causing her death. It was later revealed that Gwen had an affair with Norman Osborn (the Green Goblin) and bore twins by him, Gabriel and Sarah, whom have now grown to adulthood by accelerated aging. **TB. MF**

Hurled off of a bridge by the Green Goblin, Gwen Stacy perished without ever learning that her boyfriend Peter Parker was secretly Spider-Man.

Gwen Stacy possessed an aptitude for science, but no special powers of any kind.

POWERS

STANE, OBADIAH

Orphaned when his father killed himself in a game of Russian roulette, Obadiah Stane regarded life as a game that he was determined to win. His preferred tactic was to wage psychological warfare against his opponent. Stane became the head of a multinational corporation that produced munitions. Knowing that Anthony Stark, head of Stark International, was a reformed alcoholic, Stane manipulated events to drive Stark back to drinking.

Buying up the debts of Stark International, Stane took control of the company, renaming it Stane International, and froze Stark's personal fortune. Stark duly became a drunken derelict.

Eventually Stark stopped drinking and resumed his secret identity as IRON MAN.

Stane had his scientists create his own armored battlesuit, called the Iron Monger. In the Iron Monger armor, Stane personally battled Iron Man, who defeated him. Removing his helmet, Stane committed suicide by firing a repulsor ray blast at his head. **PS**

FIRST APPEARANCE

Iron Man #163
(October 1982)

"Iron Monger" battlesuit amplified his strength to superhuman levels; boot jets enabled flight; projected repulsor rays (force beams) and laser blasts.

Stane's Iron Monger armor was larger than Iron Man's, but he could not defeat him.

"I CAN READ ANTHONY STARK LIKE A BOOK. HE WILL BLAME HIMSELF FOR IRVING'S DEATH AND HE WILL RETURN TO THE BOTTLE."

"WITHIN A MONTH, HE WILL REACH ME IN THE GUTTER."

Stane took aim at his adversaries' weaknesses.

SPECIAL POWERS/ABILITIES Superhuman intelligence and bio-upgrades granting various superpowers.

The son of Obadiah Stane (see STANE, Obadiah), Ezekiel inherited his father's fortune and promptly turned it and his incredible intellect toward making Tony Stark (see IRON MAN) obsolete. He started by coordinating attacks against the ORDER, the California team for The Fifty-State Initiative (see pp. 118–9). When his efforts there failed, he went after Stark directly. Ezekiel reverse-engineered a good deal of Stark's technology now on the black market. Instead of building a better Iron Man suit, however, he used the technology to upgrade his body directly. He sometimes wears a suit to displace the excess heat his body generates along with his powers. **MF**
