TURBO

Mickey Musashi never wanted to be a hero. In fact the journalism student thought that being a Super Hero was a ridiculous notion...until she came across the Turbo suit. This remarkable piece of equipment was created by a human scientist under the orders of the DIRE WRAITHS. When the suit's inventor learned that the suit was to be used for evil purposes, he gave it to a man named Brock Jones, who donned it to fight crime as the hero TORPEDO.

Eventually, the Wraiths found and killed Brock Jones, and the suit passed to Brock's cousin Mike Jeffries, who shared it with Musashi. As it turned out, the suit worked better for her than for Jeffries and she reluctantly became the hero known as Turbo.

While teamed with the NEW WARRIORS team, Turbo battled the Dire Wraiths, as well as the criminal team known as Heavy Mettle.

Musashi quit life as a hero and pursued her journalism career, also setting up a group called Excelsior to dissuade super-powered teenagers from risking their lives as heroes. She continues to date one member of the group—DARKHAWK—although Excelsior has since disbanded **MT, MF**
