SPECIAL POWERS/ABILITIES Gabriel can psionically control, manipulate, and absorb energy of any kind.

Christopher (later CORSAIR of the STARJAMMERS) and Katherine Summers were flying in a small plane with their sons Scott (CYCLOPS) and Alex (HAVOK) when they spotted a SHI'AR starship. Scott and Alex got away, but the Shi'ar captured their parents. The Shi'ar killed Katherine and placed her unborn child in a machine that turned him into

an adolescent, then made him a slave on Earth. The boy escaped and was taken in by Moira MACTAGGERT, who named him Gabriel. When the original X-MEN were captured, PROFESSOR X trained Moira's wards, including Gabriel, to rescue them. Instead, they were killed, and Professor X erased Cyclops' memory of his newfound brother. After M-Day, the burst of energy taken from the Earth's mutants revived Gabriel. Calling himself Vulcan, he killed BANSHEE, exposed Professor X's betrayal, then left to take his revenge on the Shi'ar. In the process, he killed his father and later declared himself the Shi'ar emperor. **MF**

Vulcan is the brother Cyclops and Havok didn't know they had.

VULTURE

Adrian Toomes gained self-esteem from criminality. A founder of B&T Electronics with his friend Gregory Bestman, Toomes had just completed his electromagnetic harness—which enabled him to fly—when he discovered his partner had been defrauding the company. Desperate for revenge Toomes destroyed the company's factory and found a substantial cache of money. He then embarked upon a life of crime, throughout which he has been continually dogged by SPIDER-MAN.

For a short time, two Vultures soared the skies of Manhattan.

FIRST APPEARANCE

Amazing Spider-Man Vol. 1 #2

(May 1963)

Electromagnetic harness worn beneath costume enables the Vulture to fly at speeds of up to 95 mph. It also augments his strength, agility, and endurance to superhuman levels.

Several others have worn Vulture suits over the years, including Blackie Drago (Toomes's cellmate), Professor Clifton Shallot (who mutated into a vulture-man), and a trio of crooks calling themselves the Vulturions.

During the Civil War (see pp. 84–5), SHIELD sent the Vulture to capture the rogue Spider-Man, but he suffered a stroke in the middle of their battle. He later recovered fully.
