

CABLE

A living link between present and future

Cable has spent his life as a warrior, but longs for peace. He once established the airborne city of Providence as a futuristic utopia.

Hailing from the future of Earth-2107, Nathan Dayspring Askani's son, alias Cable, was actually born in modern times as Nathan Christopher Summers. He is the son of Scott Summers, CYCLOPS of the X-MEN, and his first wife Madelyne PRYOR, a clone of Jean GREY, alias Phoenix.

LIFE-SAVER

APOCALYPSE infected Nathan with a "techno-organic" virus, which would have killed. A woman from

the Clan Askani brought the child to her own time, the 40th century of Earth-4935. There Mother Askani, a version of Rachel Summers, halted the virus' spread. She also had Nathan cloned. Apocalypse, who ruled this era, abducted the clone, who grew to become Cable's evil twin, STRYFE. Mother Askani transported the souls of Scott Summers and Jean Grey into the future and, as "Slym" and "Redd", they raised young Nathan. After the boy had destroyed Apocalypse, Scott and Jean returned to their own time. Nathan became the Clan Askani's foremost

Next to Apocalypse, Cable's greatest enemy is literally himself: the terrorist Stryfe is Cable's clone. Stryfe framed Cable for an assassination attempt on Charles Xavier. Stryfe's mind once even took possession of Cable's body.

freedom fighter against the New Caananites, led by Stryfe. Nathan married a fellow warrior, Aliya, and they had a son, Tyler, but she was murdered by Stryfe. When Stryfe traveled back to the 20th century, Cable pursued him. There Cable founded the mercenary team Six Pack, which included his lover Domino. Later, Cable took command of the New Mutants, and reorganized them into X-Force.

Cable came to believe that his powers were killing him. DEADPOOL and the Fixer removed part of his brain and replaced the techno-organic matter, saving his life, but reducing his powers. He joined the X-Men in their mission to save the first mutant baby born after M-Day. After the infant was rescued, Cable escaped into the future with her, trying to keep her safe from BISHOP who seeks to kill her. **PS, MF**

In the "House of M" storyline, Cable devolved into an infant. Deadpool rescued the baby from Mister Sinister, and Cable soon returned to his true age.
