GIGABYTE AORUS Master 16 with RTX 5080 launches in India at ₹3,15,000

GIGABYTE has launched the updated AORUS Master 16 in India, featuring major upgrades across CPU, GPU, display, AI, and thermals. The 2025 model replaces the previous-gen Intel Core i7/i9 CPUs with the Intel Core Ultra 9 275HX, equipped with a Neural Processing Unit (NPU), and offers up to NVIDIA GeForce RTX 5080 Laptop GPU based on the new Blackwell architecture. It now features a vibrant OLED display with Dolby

Vision, enhancing contrast and clarity for creators. The redesigned WIND-FORCE INFINITY EX cooling system

supports a 230W thermal envelope, with Frost Fans, a full vapor chamber, and "Icy Touch" surfaces for cooler contact points. A key highlight is GiMATE, a built-in voice assistant for hands-free system control, alongside support for NVIDIA NIM microservices for running local AI workloads. Expected to be priced from ₹3,15,000, the AORUS Master 16 will soon be available via Amazon and Flipkart. tinyurl.com/gbm16a

Vivo T4 Lite 5G with MediaTek Dimensity 6300 is here

Vivo has launched the T4 Lite 5G in India, expanding its T4 lineup with an affordable yet feature-packed 5G smartphone. Powered by the MediaTek Dimensity 6300 chipset, the device boasts a 6.74-inch HD+ LCD display with 90Hz refresh rate and 1,000 nits peak brightness. It is available in Prism Blue and Titanium Gold, with up to 8GB RAM and 256GB storage, expandable to 1TB. The T4 Lite 5G runs Android 15-based FunTouch OS 15, and Vivo promises 2 years of OS updates and 3 years of security patches. It has a 50MP dual rear camera, 5MP selfie camera, and more. tinyurl.com/vit4l5g

ViewSonic debuts 92" and 105" 5K displays with Android 13

ViewSonic has expanded its commercial display range in India with the launch of two ultra-wide enterprise-grade screens—the 92-inch CDE92UW and the 105-inch CDE105UW. Both displays feature a 5K resolution (5120×2160) with a 21:9 aspect ratio, offering 33% more screen space than 16:9 displays. Powered by Android 13 and an octa-core SoC, they support USB-C with 100W power delivery, HDMI 2.1, DisplayPort, and RJ-45/RS-232 ports. The CDE92UW is built for 24/7 operation with a 500-nits panel, landscape/portrait support, and more. tinyurl.com/vs5k92
