

LAPTOP LAUNCH

AMD-powered Dell Plus and 2025 lineup of Alienware laptops launched

Dell Technologies has launched a refreshed lineup of laptops in India, focusing on AI integration and high-performance design across two categories: Dell Plus AI PCs and Alienware gaming laptops. The Dell Plus series – Dell 14 Plus, 14 2-in-1 Plus, and 16 Plus – features AMD Ryzen AI 300 Series processors, FHD+ Dolby Vision displays, up to 22-hour battery life, and AI enhancements for video, audio, and power efficiency. The

Alienware range brings back the flagship Area-51 series with 16-inch and 18-inch models powered by Intel

Core Ultra 9 275HX and RTX 5090 GPUs. They boast 300Hz WQXGA displays, G-SYNC, Cryo-Tech cooling, and mechanical keyboards. The more portable Alienware 16X Aurora features a 240Hz display and stealth mode for everyday use. Prices start at ₹76,400 for the Dell Plus and ₹1,76,990 for the Alienware, with availability across Dell.com, Dell Exclusive Stores, and major retail outlets in India. <https://tinyurl.com/aw12dam>

Vivo launched the brand new X200 FE and the X Fold 5

Vivo has launched the Vivo X200 FE and the Vivo X Fold 5. The X200 FE has an AMOLED display, MediaTek Dimensity 9300+ processor, up to 16GB RAM and 512GB storage, and a 6,500mAh battery. It boasts Zeiss-tuned triple rear cameras with a 50MP main, 8MP ultra-wide, and 50MP periscope telephoto lens. It supports Wi-Fi 7, and Bluetooth 5.4. The X Fold 5, Vivo's slimmest foldable yet, features a Snapdragon 8 Gen 3, 16GB RAM, 512GB storage, and a 6,000mAh battery. It offers triple 50MP rear cameras and dual 20MP front cameras. <https://tinyurl.com/vx200f>

ViewSonic launches X1-4K Pro, X2-4K Pro, and SP7 projectors

ViewSonic has expanded its projector lineup with three new models: X1-4K Pro, X2-4K Pro, and SP7. The X1-4K Pro and X2-4K Pro feature native 4K UHD resolution and are officially "Designed for Xbox," offering 1440p at 120Hz and 1080p at 240Hz. With a lifespan of 60,000 hours, they also come equipped with Harman Kardon speakers. The X2-4K Pro adds a short-throw lens, auto keystone, 1.3x optical zoom, and 360° projection. The SP7 is a lamp-based projector with 4,800 ANSI Lumens, a 22,000:1 contrast ratio, and 15,000-hour lamp life. <https://tinyurl.com/vsx14k>
