

Microsoft tests new Xbox controller feature, what it does

Microsoft is testing a new Windows 11 feature that lets Xbox controllers open the task menu with a button hold, replacing the Xbox Game Bar shortcut entirely for greater convenience. Currently in Insider Canary and Dev builds, it allows smoother app switching without needing a keyboard or mouse, improving gaming, streaming, and multitasking across multiple applications. Aimed at making controllers feel more native to PC, the update could roll out widely later this year if testing proves successful.

Ginger Games backed by Krafton, Activision, Riot Games Veterans

Ginger Games, backed by the KRAFTON India Gaming Incubator, has launched to tackle mobile gaming's toughest challenges: monetization and retention. Led by veterans from Yahoo, Zynga, and SuperGaming, the team boasts over 50 years of experience and strong advisors from Supercell, and Riot Games India. Their first title, Monkey Mayhem, is in beta, aiming to redefine hybrid-casual roguelite games with long-term engagement, sustainable IP, and scalable monetization models tailored for the Indian market.

Sony's State of Play confirms release date of 007 First Light

Sony has confirmed 007 First Light will launch on March 27, 2026, for PS5, PS5 Pro, Xbox Series X/S, Nintendo Switch 2, and PC gaming platforms worldwide globally. Developed by IO Interactive, the game blends stealth, cinematic combat, and high-speed chases, drawing clear influence from Hitman. Gameplay highlights include disguises, gadgets, and Bond's iconic car. Focusing on Bond's origin story, the title promises espionage-driven missions and may feature live-service updates post-launch.

Battlefield 6 launches 10th October: EA brings crossplay

Battlefield 6 launches on October 10, 2025, with crossplay as a key feature across PlayStation 5, Xbox Series X|S, and PC. Console players can opt out of crossplay to stick to their platform, but PC players cannot disable it. Matchmaking prioritizes console players together, though PC users may still join. The system aims to balance fairness, flexibility, and matchmaking speed, addressing concerns about input advantages, latency, and cheating raised during the beta. tinyurl.com/bf6o10

Call of Duty Black Ops 7 release date, price and other details

Call of Duty: Black Ops 7 launches globally, including India, on November 14, 2025, for PC, Xbox One, Xbox Series X|S, PS4, PS5, PS5 Slim, and PS5 Pro. Priced at ₹5,999 (Cross Gen) and ₹8,249 (Vault), the game continues David Mason's story 40 years after Black Ops 6, focusing on paranoia and espionage. Players get 30 weapons, massive Zombies maps with vehicles, returning classics, Dead Ops Arcade 4, and fan-favorite characters. tinyurl.com/b07cod
