

■ SMARTPHONE LAUNCH

OnePlus 15 with Snapdragon 8 Elite Gen 5 launched

The OnePlus 15 has launched in India, introducing a new square style camera module alongside a flagship Snapdragon 8 Elite Gen 5 chipset. It features a 6.78 inch LTPO AMOLED display with a 165Hz refresh rate, Dolby Vision support and peak brightness

suited for outdoor use. On the back, the phone carries a 50MP triple camera system enhanced by the DetailMax Engine, while the front houses a 32MP selfie camera. Powering the device is a large 7,300 mAh battery with 120W wired charging and 50W wireless charging for quicker top ups. The OnePlus 15 starts at Rs 72,999 for the base variant across retail channels.
