GRAND FINALE WRAP-UP

The Skoar! College Cup: Delhi Edition 2026 powered by Oppo, concluded on a high note this February, bringing together some of the best collegiate esports talent from across Delhi-NCR. Hosted at Bennett University, Greater Noida, the Grand Finale on February 19 and 20 marked the culmination of weeks of competitive action under the Skoar! College Gaming Club (SCGC).

With participation from over 200 colleges and more than 2,000 teams, this year's edition stood out as one of the largest inter-college esports tournaments in the region. The grand finale witnessed a footfall of 1,500+ students on-ground, creating an electrifying atmosphere

throughout the event. Apart from the Valorant and BGMI grand finals, an Experience Zone was set up for attending gamers. The zone featured high-performance Gigabyte laptops and PCs, giving students a chance to explore and experience premium gaming setups firsthand.

The Grand Finals delivered intense matchups, packed crowds, and a true LAN atmosphere that perfectly captured the energy of India's growing collegiate gaming scene. We are proud to officially announce the winners of this year's championship.
