

Bhimbetka rock shelters, Madhya Pradesh, India

Hunters on horseback

Early people in India painted this scene showing men on horseback hunting with spears. These paintings are the earliest ever found in India.

The rock shelters shown from the outside

Warriors and dancers

Stone Age artists painted over a million pictures on rocks in the Kimberley region of Australia. Many show human figures hunting, running, or dancing, carrying bags, and wearing tassels and headdresses. These paintings are over 20,000 years old.
