JFK SHOT

Dallas, Nov. 22 (AP)—President Kennedy was shot today just as his motorcade left downtown Dallas. Mrs. Kennedy jumped up and grabbed Mr. Kennedy. She cried, "Oh, no!" The motorcade sped on.

AP Photographer James W. Altgens said he saw blood on the President's head.

Altgens said he heard two shots but thought someone was shooting fireworks until he saw the blood on the President.

Altgens said he saw no one with a gun. Vice President Johnson apparently also was shot, but was able to walk at the hospital.

AP Reporter Jack Bell asked Kenneth O'Donnell, Presidential assistant, if Kennedy was dead. O'Donnell gave no answer.

Kennedy was reported taken to Parkland Hospital, near Dallas.

The Assassination of JFK

When news of Diem's assassination reached President Kennedy, he was profoundly shocked. Three weeks later, on November 22, Kennedy himself was shot in Dallas, Texas, when Lee Harvey Oswald opened fire on the presidential limousine.
