

WASHING MACHINE

Fight tough stains while treating your clothes gently

FRONT LOAD

LG FX1412A9K

The LG FX1412A9K wins the Best Front Load thanks to its AI Direct Drive 2.0 that reads 20,000+ data points to match wash motion to fabric. It features a large 12kg washing capacity, which is big enough for Indian families. Features like TurboWash 360° allow for faster cycles, and ThinQ Wi-Fi comes in clutch for remote monitoring.

FRONT LOAD

Bosch WGA254ISIN

The Bosch WGA254ISIN delivers German engineering at an affordable price. It comes with a 10kg capacity, a 1400rpm spin for faster drying, and the EcoSilence Drive brushless motor backed by a 12-year warranty, proving reliable washing doesn't need a flagship price tag.

TOP LOAD

Samsung WA80F10B3BTL

The Samsung WA80F10B3BTL features AI Wash that senses fabric weight and softness for smarter settings. The Super Speed mode allowing to wash clothes in just under 30 minutes. The built-in heater with Hygiene Steam is a useful addition.

TOP LOAD

Lloyd Novante GLWT855N12CB

The Lloyd Novante is the Value king, as it proves that smart laundry doesn't need a premium tag. It comes with an 8.5kg capacity, 5D Ultra Wash Technology for multi-directional water flow, a built-in heater for clothes sanitisation, and smart app connectivity, all priced at an affordable price tag.
