

AIR PURIFIER

Tech for breathing healthier

HEPA AIR PURIFIER

LG PuriCare Air Purifier (AS60GHWGo)

The LG PuriCare 360° Alpha PET is built for large homes, combining 360-degree air intake with an H13 HEPA filtration system and an 810m³/h CADR. Dedicated pet filtration, UV-C sterilisation and real-time air quality monitoring make it a comprehensive air care solution.

HEPA AIR PURIFIER

Qubo Smart Air Purifier R700

The Qubo Smart Air Purifier R700 delivers H13 HEPA filtration, a five-stage filter, and a CADR of 460m³/h for rooms up to 700 sq. ft. It also includes app control, real-time AQI monitoring, and outdoor AQI comparison at a competitive price.

HEPA AIR PURIFIER

Dyson HushJet SP01 Air Purifier

The Dyson HushJet HJ10 replaces a conventional air outlet with a star-shaped HushJet nozzle that reduces turbulence while projecting purified air over long distances. This design, combined with a compact footprint and fully sealed filtration, improves airflow efficiency and keeps noise remarkably low.

WATER PURIFIER

"Boil & pray" isn't filtration

WALL-MOUNT

Atomberg Intellon Smart Water Purifier

Atomberg earns the top spot by making water purification smarter.

Its Intelligent Filtration System, Dynamic 7-Stage purification, AutoCleanse technology and IoT-enabled monitoring extend filter life while delivering safe, great-tasting water with minimal maintenance.
