

SMART LOCKS

Keyless entry, endless ways to prove it's really you

SMART LOCK

Godrej IoT9 Smart Lock

Godrej IoT9 is the most complete access-control system on the market. With nine access modes, dual authentication, and a dedicated Privacy Mode all packed into one lock, the IoT9 is incredibly flexible. It's also backed by Godrej's pan-India service network and is Made-in-India.

SMART LOCK

TP-Link Tapo DL100 Smart Door Lock

At under ₹7,000 street price, the Tapo DL100 still delivers BHMA Grade 3 security, IP54 weatherproofing, and five access modes including Wi-Fi and Bluetooth. No fingerprint or face unlock here, but nothing at this price comes close to matching it.

VIDEO DOORBELLS

Doorbells that make access to your home feel a lot smarter

VIDEO DOORBELL

Hikvision IP Video Door Phone DS-KIS602

This beats others on sheer field of view alone, a class-leading 146° horizontal by 82° vertical spread, paired with a 7-inch touchscreen monitor and full standalone intercom operation that works without internet!

VIDEO DOORBELL

Qubo Smart Video Doorbell Pro 2K

The Qubo Smart Video Doorbell Pro 2K wins Value for Money by packing 3MP 2K resolution, a 140° head-to-toe field of view, and IP66 weatherproofing into a sub-₹9,000 package, all without forcing a subscription to unlock its core features.
