

HOME NETWORKING

TP-Link

TP-Link earns recognition for building one of the most comprehensive home networking portfolios. From Wi-Fi 7 routers and Mesh systems to smart networking, the brand delivers reliable performance, seamless coverage and next-generation connectivity for modern homes.

TELEVISION

Xiaomi

Xiaomi earns recognition for consistently raising the bar in smart television. With premium QLED and Mini LED displays, Dolby Vision and Atmos support, powerful smart TV experiences and exceptional value, the brand continues to make flagship entertainment accessible to a wider audience.

HOME ENTERTAINMENT

Lumio

Lumio is gaining acclaim for its potential to reshape the landscape of home viewing. By integrating intuitive technology with high-performance audio-visual capabilities, the brand is quickly becoming a notable contender in delivering immersive and accessible entertainment solutions for modern living spaces.

SUSTAINABILITY

Attero

Attero earns recognition for its pioneering role in electronic waste management and sustainable resource recovery. By leveraging advanced extraction technologies and circular economy principles, the brand consistently delivers environmentally responsible processes that reduce carbon footprints and promote global ecological balance.
