

As we can see, the date-wise Spot price and Futures price are mentioned for TCS with a :

LOT SIZE IS OF 100.

INITIAL MARGIN IS ₹60,000.

For a mark to market settlement, we will look at the futures price difference on a daily basis. Keep in mind that we need to focus on change in price of futures contract and not the spot contract.

Now let us move to the working by having the two positions of a futures contract in mind, i.e., long position and short position.
