

HOW TO UNLOCK FREE OTT SUBSCRIPTIONS

Across India's major telcos, bundled OTT offers are now standard – letting you stream top platforms at no extra cost. Here's how to claim them:

1. Airtel Xstream Packs

Airtel's All-in-One OTT Entertainment Packs start at just ₹279, bundling access to 25+ platforms including Netflix, JioHotstar, Zee5, and SonyLIV for prepaid users.

For those on lower budgets, the ₹181 prepaid plan offers Airtel Xstream Play Premium, unlocking subscriptions to 22 OTT services (without calling benefits), with pay-per-MB data thereafter at just ₹0.50/MB.

Postpaid customers can use the Airtel Thanks App to claim Amazon Prime, Netflix, or Disney+ Hotstar on recharges ≥ ₹349, alongside unlimited calls and 2 GB/day data for 28 days.

2. Jio's OTT-Packed Plans

Reliance Jio's ₹100 prepaid plan includes 90 days of free JioHotstar, with 5 GB data to kickstart your streaming experience.

Jio Fiber and AirFiber broadband subscribers enjoy 15 OTT services – from Netflix and Amazon Prime to Lionsgate Play and Discovery+ – as part of their home internet bundle at no extra fee.

Mobile users on select ₹195 and ₹949 plans also receive complimentary JioHotstar alongside their usual talk-time and data benefits.

3. Vi (Vodafone Idea) Movie & TV Super

Vi's Movies & TV Super add-on grants access to 15+ OTT apps on both mobile and TV for 28 days with a ₹449 recharge, or 56 days at ₹795 – and longer tenures up to 1 year with higher-value packs (₹2,399 for 6 months; ₹4,999 for 12 months).

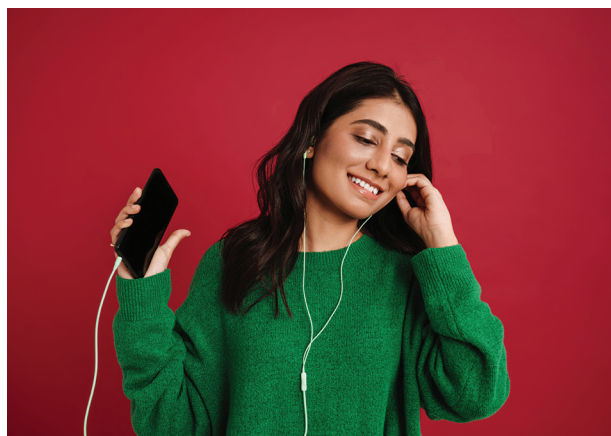

The recent Vi Max Family Plan at ₹871/month includes Netflix Basic, SonyLIV, and Fancode, plus 120 GB data and two connections – ideal for family streaming on multiple devices.

Pro Tip: Always redeem your subscription via the telco's official app (Airtel Thanks, MyJio, or MyVi) within 7 days of recharge to activate OTT benefits seamlessly.

Key Steps:

1. **Sign Up:** Register with email or mobile; choose free (ad-supported) or Pro (ad-free, offline) tier.
2. **Create Playlists:** Tap My Music → Create Playlist, name it ("Rainy Day Classics"), and add songs via the + icon.
3. **Explore Lyrics:** On any track page, tap Lyrics to view synced lyrics in original script or transliteration.
4. **Caller Tune:** In-app, select Caller Tune, pick a track, and set it via UPI payment – your callers hear your customized tune.

Emerging music apps

- **Hungama Music:** Offers 30 million+ songs, radio, and podcasts; unique Dedicated Artist Channels deliver exclusive interviews and live performances.
- **Wynk Music:** Backed by Airtel, Wynk provides 6 million songs offline downloads and in-app song purchase for offline listening without subscription.

3) Short Video & Content Platforms: Beyond Social

While Moj, Chingari, and MX TakaTak dominate short-form video, other entertainment-focused apps blur the lines between social and streaming:

- **Josh:** Part of Dailyhunt, Josh boasts 150 million MAUs with vernacular challenges and daily themes; tap Explore → Challenges to join viral trends.
- **Trell:** Lifestyle videos plus integrated shopping links let you "shop the look" directly; install, pick categories, and tag products in your videos to earn affiliate commissions.
- **Public & Lokal:** Though primarily citizen news apps (see Chapter 1), their Video tabs feature local entertainment clips – ideal for discovering regional talent and street performances.

4) Books & Comics on Mobile: Stories in your pocket

India's rich literary and comic heritage has seamlessly transi-
