

TP-LINK VIGI SP9030 VS. SP6020: FEATURE COMPARISON

Feature	VIGI SP9030	VIGI SP6020
Image		
Solar Panel Power	90W	60W
Battery Capacity	31.2Ah / 10.8V	20.8Ah / 10.8V
Battery Type	Lithium with Intelligent Auxiliary Heating	Lithium with Intelligent Auxiliary Heating
Weather Resistance	IP66	IP66
Operating Temperature	-30°C to 60°C (with auxiliary heating)	-30°C to 60°C (with auxiliary heating)
Remote Management	Yes	Yes
Interfaces	1× RJ45, 1× Photovoltaic Panel Connector, 3× DC Power Plugs	1× RJ45, 1× Photovoltaic Panel Connector, 3× DC Power Plugs

- **Human & Vehicle Detection:** Differentiates between people and vehicles for more accurate alerts.
- **Intrusion Detection:** Detects movement in restricted zones.
- **Line-Crossing Detection:** Triggers alerts when objects cross virtual boundaries.
- **People Counting (selected models):** Tracks the number of individuals entering/exiting a defined zone.

5. Smart Notifications & Alerts

- **Event-Based Push Notifications:** Real-time alerts to mobile devices based on user-defined rules.
- **Email Alerts:** Optional email notifications with snapshots attached.
- **Alert Filtering:** Configure notification types per camera, event type, and time schedule.
