

Personal Management Apps

Take control, digitally

From juggling daily tasks to setting long-term goals, the smartphone in your pocket can be your greatest ally in achieving productivity and balance. The apps in this chapter help you map out your to-dos, maintain good habits, and even turn personal growth into a fun, gamified experience. With step-by-step guidance, you'll be ready to organise your life, track your progress, and find fresh motivation to improve every day.

Habitica

If you're looking for a fun and engaging way to build and maintain new habits, Habitica turns the process into a role-playing game

(RPG). This app rewards you for completing tasks and habits with experience points and in-game currency, while missed tasks can damage your virtual character's health.

1. Sign Up and Create Your Avatar

- Download and open the app.
- Sign up using an email address or a social media account.
- Customise your 8-bit style character (avatar) with different appearances.

2. Set Up Your Tasks

- **Habits:** These can be positive (like doing 10 push-ups) or
