This chapter will guide you through essential productivity apps and software, show you how to automate your workflows, and teach you time management techniques using technology. By the end of this chapter, you'll be equipped with practical strategies to enhance your productivity in 2025.

1) Essential productivity tools for 2025

Top calendar and scheduling apps

Starting with the New Year, you need to understand that a well-organised calendar is the backbone of effective time management. The right calendar app can help you schedule meetings, set reminders, and keep track of important deadlines.

Using Google Calendar and Outlook key features

- **Google Calendar:** Known for its simplicity and integration with other Google services, it allows you to create multiple calendars,
